Leadership development:

Find the leader in you

There are as many leadership styles as there are leaders but the most effective leaders have many things in common. This course empowers you with the skills for your leadership success.

Thinking about leadership

- What makes an effective leader

Identify your leadership style

- Build awareness of your leadership strengths and weaknesses
- Learn how to match your style to the situation

Communicating as a leader

- Emotional intelligence is a crucial theme
- Essential communication skills
- Gaining buy-in from the people you lead

Leading the team

- What kind of leader does the team need?
- How to develop good relationships
- Leading through mentoring and coaching
- Ways to resolve differences
- Dealing with difficult people

Leading change

- Thinking strategically
- Using negotiation
- Reducing resistance to change
- Motivating yourself and in the team

Developing your leadership

- Achieving recognition
- Gaining support and engagement from the team
- Where to from here?
